

SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below

Title: D211-030-R2 (Girder Repairs SFS Posting)

Description: Heat straightening repairs are needed on Bridge A2043 on U.S. Highway 63 (over U.S. Highway 36) in Macon, Missouri, on three girders, which sustained collision damage caused by a truck with an over height load. It is estimated these repairs and the associated work will cost in the range of \$75,000. This type of heat straightening is very complicated and is specialty work requiring a qualified vendor with extensive knowledge and experience in this field. The company listed below has a proven track record of quality performance on similar projects for the MoDOT Bridge Division in the past and is a leader in this type of work, which is critical consideration since the longevity of the bridge and the safety of the traveling public depends on the quality of the repairs.

Contract Period: It is estimated work on this project will be completed in February 2011

Renewal Options: This is a one-time project with no plans for any additional future work.

Agency: Missouri Department of Transportation – District 2

Supplier: International Straightening, Inc. – Bismark, North Dakota

Buyer: William D. “Bill” Noyes, CPPO, CPPB – Senior Procurement Agent
